## **SET allows trading on WSOL's securities during April 24, 2026 – May 25, 2026 by purchasing with Cash Balance account**

As the Stock Exchange of Thailand (SET) has announced that the securities of WSOL Public Company Limited (WSOL) is subject to possible delisting, as the financial statements of WSOL for the year ended 2025 show negative equities, and posted NC (Non-Compliance) sign and SP (Suspension) sign on WSOL's securities since March 10, 2026. Subsequently, WSOL has disclosed the plan to eliminate the ground for delisting that the company has filed a petition for business rehabilitation with the Central Bankruptcy Court and has proposed itself as the plan preparer (Details as shown in WSOL's news on April 20, 2026).

Therefore, SET will allow trading on WSOL's securities during April 24, 2026 – May 25, 2026, under the following regulations and conditions.

1. WSOL's securities are required to purchase through cash balance account which means that the investors must pay the full amount in cash prior to purchasing.
2. NC sign will be posted during such trading period to alert the investors to be careful in trading securities.
3. The ceiling and floor prices of WSOL's securities on the first trading day (April 24, 2026)<sup>1</sup> **will not be more than 100% of their last trading prices.**
4. SET will not apply the Auto Pause to the trading of WSOL's securities on April 24, 2026, which is the first trading day, and will maintain such exemptions until an initial trading transaction in these securities is executed.

After the end of such trading period, from May 26, 2026, onwards, SET will suspend trading on WSOL's securities by posting SP sign until the company is able to eliminate the ground for delisting and repossess the qualifications to resume trading. If the company is unable to rectify the cause within specified period, SET may consider delisting the securities of the company accordingly.

SET recommends investors to trade the securities with caution and carefully study WSOL's information such as historical news, financial positions, operating results, type of auditor's report, major shareholders, board of directors as well as risks and other related factors. In addition, to facilitate the access of information for investors, SET has summarized preliminary information of the latest financial statements together with type of auditor's report and the latest annual registration statements (Form 56-1 One Report) that the company disclosed via SET's Disclosure system.
